

WEST CENTRAL MIDDLE SCHOOL

SIXTH GRADE

Ms. Tellinghuisen & Ms. Payne

<http://angelatellinghuisen.weebly.com/>

Reading: We'll be beginning the short story Fine? in reading this week. We will start with more explicit vocabulary instruction. After the story, our objective will be to define elements of the plot of the story. Students will have one more day to work on Book Project 1. The project will be due Thursday/Friday, and it counts as a test grade for the quarter.

Language Arts: Our focus for the week in language arts will be nouns. We'll begin by watching a short video, complete guided notes, and have many practice assignments. Spelling Test 3 will be Wednesday. We'll end the week by beginning the student-favorite Dead Words RIP projects.

Mr. Wolles

<https://sites.google.com/site/wollesushistory/>

History: We continue with the unit on Ancient Egypt. This week we are creating a google slides presentation and learning how to create graphic organizers.

Language Arts: This week we will work on list 5 in spelling. We will be working on understanding the different type of sentences.

Ms. Peters

<http://joancpeterswcms.pbworks.com>

Language Arts: Students will be working on identifying sentences and creating a sentence play. Students will continue to work on narrative writing and spelling.

Ms. Harmon & Mr. Evans

<http://nicoleharmon.weebly.com/index.html>

Math: In math we will be completing another quiz on common factors and multiples as well as the least common multiple (LCM) and the greatest common factor (GCF). We will be starting to work on Prime Factorization towards the end of the week. Please let me know if you have any questions. **There are also videos posted on my website where students will need to be logged into their school google account for access.

Language Arts: Students will be working on spelling, correcting errors in sentences (DOL) and completing a narrative writing assignment in Writing Zone. Students will working on identifying the different types of sentences and working on a sentence play during class.

Mr. Heck & Mr. Caffrey

<http://davidheck.weebly.com/>

Science: This week in science, we will be completing a project called "Top Five." Students will be choosing an area that is of interest that involves some type of statistic, and take the top 5 stats.

They will then use that data, and make a graph using the website Create a Graph. We'll also finish up chapter 2 by completing Section 2.3-Technology.

Computers: Students this week will be creating a commercial that is a scam using the tactics of a scam-after viewing, the audience will identify the features that make it a scam.

Important Dates

Oct 10 - No School

End of Quarter I - Oct 28
