

WEST CENTRAL MIDDLE SCHOOL

SIXTH GRADE

Ms. Tellinghuisen & Ms. Payne

<http://angelatellinghuisen.weebly.com/>

Reading: We'll compare and contrast two characters from different stories. First, we'll create a Venn Diagram for the two characters. Then, we'll put our information into outline form. Finally, students will write an essay on the topic. The tentative due date for the essay will be Friday (blue)/Monday (white). On Tuesday/Wednesday of this week, we'll also have a vocabulary quiz over the two stories.

Language Arts: Our focus will be deciding whether or not groups of words are sentences. We'll start with basic sentences and eventually move toward the four types of sentences later in the week. Our second spelling test will be Friday of this week.

Mr. Wolles

<https://sites.google.com/site/wollesushistory/>

History: This week we will be finishing our unit on early humans. There will be a quiz on Thurs./Fri. this week. If students want to retake a quiz or test, they must complete, sign, and return a retake contract.

Language Arts: We will be completing our work on nouns this week. We are working on spelling list 2 this week. Retakes are allowed in my class as long as students complete, sign, and return a retake contract.

Ms. Peters & Ms. Payne

<http://joanpeterswcms.pbworks.com>

Language Arts: We will continue to work on identifying fragments and writing complete sentences. If you ever have any questions or concerns, don't hesitate to contact me.

Ms. Harmon & Mr. Evans

<http://nicoleharmon.weebly.com/index.html>

Math: Students will working on prime factorization and another way to find the GCF & LCM. Check google classroom and math notebooks for example problems. Please contact me if you have any questions.

Language Arts: We will be continuing to present our bag speeches Monday and Wednesday. Students will also be working on DOL and spelling -with a Spelling Test on Friday.

Mr. Heck & Mr. Caffrey

<http://davidheck.weebly.com/>

Science: We will be taking our first chapter test. Students do have a study guide that will help them prepare for the Chapter 1 Test-The World of Science. We then will begin our second chapter dealing with measurement and technology.

Computers: We continue with our lessons dealing with digital citizenship. This week: Scams and Schemes.
