

# WEST CENTRAL MIDDLE SCHOOL

## SIXTH GRADE

### Ms. Tellinghuisen & Ms. Payne

<http://angelatellinghuisen.weebly.com/>

**Reading:** Our next short story in reading will be "Fine?" by Margaret Peterson Haddix. We'll begin by doing an author study, then we will read the text with our focus being plot events. Sometime next week we'll have a quiz over plot. Students will get a study guide later this week or early next week depending on how things go during class.

**Language Arts:** We're learning about the four different types of sentences in language arts this week. We'll also introduce Daily Oral Language and diagraming sentences later in the week. We will not have another spelling test until next week Friday.

### Mr. Wolles

<https://sites.google.com/site/wollesushistory/>

**History:** We are finishing up our unit on Early Humans this week. We will be starting a unit on Ancient Egypt. The students have a keynote that is due on Wednesday/Thursday this week.

**Language Arts:** The students will be taking a test over nouns on Wednesday. We also have a DOL quiz on Friday. We are starting to study types of sentences this week.

### Ms. Peters & Ms. Payne

<http://joanpceterswcms.pbworks.com>

**Language Arts:** We are studying the four different types of sentences, so hopefully we can have variety in our writing.

### Ms. Harmon & Mr. Evans

<http://nicoleharmon.weebly.com/index.html>

**Math:** Students will working on prime factorization, distributive property, and order of operations. Check google classroom and math notebooks for example problems. Please contact me if you have any questions.

**Language Arts:** We will be continuing to work on correcting errors in sentences, writing zone, and spelling (test on Monday). We are also taking a noun pre-test and will start work on the different types of sentences.

### Mr. Heck & Mr. Caffrey

<http://davidheck.weebly.com/>

**Science:** This week in Science, we'll be taking the information from Section 1-Scientific Investigation and applying to an activity called, "How Many Drops of Water Can Fit on a Penny?" Students will be taking a closer look at two scientific concepts: cohesion and surface tension. We'll also be making a graph from the Create a Graph website.

**Computers:** In computers, students will be using their knowledge about scams and schemes (Digital Citizenship lesson), to create a video.

### Important Dates

**Sept 27 - Midterm**  
**Sept 29 - Picture Day**  
**Oct 9 - No School**
